

# In Glendale

Tim Heidecker

Bruce Dern may be right  
When he says that Nebraska ain't no flyover state  
Well I never been there  
But friends of mine say that it's great  
And the air in the mountains of Colorado is fine  
But California is where I'll be spending my time  
Up in Washington and parts of Oregon  
It's nothing but green  
Some of the finest rivers and lakes that I've ever seen  
And Montana, Dakota  
Well, they got their charms  
But California's never caused me no harm  
Well I'm living in Glendale  
North of Los Angeles  
Yeah I'm living in Glendale  
North of Los Angeles  
And when the flood comes I'll be up on a hill  
But when the big one comes I'll feel like a fool  
La la la la  
La la la  
La la la la  
La la la  
Well Tennessee's got the music I need  
I can't deny that it's a magical place  
And in Pennsylvania the chanc is I may know your face  
And in New York City, well, they stay up all night  
But in California they always win in that fight  
(Yes they will)  
Well I've lived right here for over ten years  
Don't ever think I want to move away  
Have a couple of kids and take 'em to beach to play  
If you wondering why people that come out here to die  
Just take a look up in that blue sky  
(Or grey)  
Well I'm living in Glendale  
North of Los Angeles  
Yeah I'm living in Glendale  
North of Los Angeles  
And when the flood comes I'll be up on a hill  
But when the big one comes I'll feel like a fool  
La la la la  
La la la  
La la la la  
La la la

La la la la  
La la laLa, la laLa la la la  
La la la  
La la la la  
La la la  
La la la la  
La la laLa, la laNuh nuh nuh nuh  
Nuh nuh nuh  
Nuh nuh nuh nuh
