Rainbow

Fefe Dobson

You're only a rainbow away
And I'm sitting here soaking wet, waiting for you
You're only a rainbow, just a rainbow away
And I'm reaching out hoping that you see it too
But I'm telling you, that I'm no fool
'Coz I know what rainbows do
They fade away, fade away
Fade away, away
Stormy day, found it's way
And I wish I could hold you now
I'm only a rainbow away, my friend
And if you could see
What others see
You wouldn't feel so bad
And I'm telling you 'coz I've been there too
That storms are like rainbows too
They fade away, fade away
Fade away, away
Stormy days, drift away
And may someone be holding you now
