Whiskey In My Water

Tyler Farr

Think I'm come think I'm kinda crazy
Think I give up time on my plate
Oh how you're smiling
Oh hard this go hard without it
Know what's up
So why can't she wait baby
Tryna show your town in the middleBeat a little harder
Ready now like I'm gonna have another
Getting drunk on each other
Whiskey in my waterLast, break out the bottle
Drop it town party come for title
'Cause I got you mine
So when the sun goes down and it get a little harderI get a little harder
Smooth now up
Ready now like I'm gonna have another
Getting drunk on each other
Whiskey in my waterLooking on the rain
Wishing that the sky would change
I can hardly wait
So when the sun goes down and it get a little harderI get a little harder
Smooth now up
Ready now like I'm gonna have another
Getting drunk on each other
Whiskey in my water
Whiskey in my water
