You and the Night

Saga

Feel like
Feel like I'm falling
Falling in, falling outFeel like
Feel like calling
Calling out for some kind of helpOnly you
You and the night
Only you
Can help me tonightFeel like
Feel like I'm drowning
Reaching up for someones hand
To pull me outAnd I feel as though
It's time I told you
Just how much
I need to feel your loveOnly you
You and the night
Only you
Can help me tonightOnly you
(Only you)
You and the night
Only you
Can help me tonightOnly you
(Only you and the night)
Only you
(It's only you)
Can help me tonightOnly you
(Only you)
You and the night
Only you
(Only you)
Can help me tonightOnly you
Only you
(Only you tonight, tonight)Only you
(Only you)
Only you
(It's only you)
