

We Be On It

Dej Loaf

[Hook 1] [x2]

Yeah, we be on it, we be on it

We be on it, yeah, we be on it

Yeah, we be on it, yeah, we be on it

Getting to the money, getting to the money[Bridge] [x2]

I woke up like this

Tell these super lame bitches to boss up like this

Shit deep, they ain't know that I was cut like this

Yeah, all my niggas cut like this

Yeah, I get a rush from this[Verse 1]

They be like, "who that?"

She a little thug, she be rapping like she 2Pac

All I need is gold teeth to go with this toothpick

Tryna pull up in the Ghost on these bitches like boo-yeah

I don't gang bang but I put your whole crew wacked

Strip a nigga naked, I'm like how you wanna do that?

Bitches they be tripping, we better keep a shoe strap

Hating ass niggas in the way, I tell them move back, cause[Hook 2]

We be on it while y'all yawning

Yeah, we be on it while y'all yawning

Getting to the money, early in the morning

While y'all yawning[Bridge]

[Verse 2]

I be jiggin' doing the Dej dance

7-Mile [?] might boss up and do the Blade dance

I just wanna make bands, I don't wanna make friends

I just wanna pull up on my ex and be like, "Hey, there!"

If you ain't getting money, I'm like, "get the fuck from way here"

I ain't with that welfare, I be making sales, yeah

I can't do free features cause my niggas need that bail fare

All white coke, bitch I'm looking like I smell good

Sweep the whole block, we gon' even get the mailman

Oh shit, drive by, at home black Caravan

Man down, hands down, don't nobody say shit

Ay, we be on it

[Hook 2]

[Bridge]
