

Another Execution

Above the Law

See, it was seven o'clock an' the sun had just set
The crew rolled up an' said it's time to jet
I was kinda hesitatin' 'cause it was nothin' to do
But we always find somethin' to get into
Total-Kaos broke out, he said, Let's go to the movies
He was payin' so I wasn't bein' choosy
Jumped in the ride an' proceeded to go
"Yo, what are we goin' to see?", "Yo, man, I don't know"
But when we got there, it was a quarter to nine
To see the main flick it was a long-ass line
Paid to get in an' not a second before
Some sucka looked me up an' down at the front door
Now, I shined it on an' walked on in
But he kept on starin' again an' again
I walked up an' said, "What's up?", he said, Not you"
I turned around an' then I looked at my crew
Because I know he didn't say what I thought he said
An' if he did, I'm gonna have his head
On a platter, the sucka scared out when we got ill
The brother who tried to front, he got his caps pilled
An' his homies, they got mad
But they soon broke an' run because of what we had
Because I take out my weapon an' I quickly start blastin'
I go loco like a crazy assassin
I look at my posse, they say nothing's confusin'
Why, why, why? It's just another execution
Just another execution
See it was early, we was bored an' uptight
So we rushed up to 'In and Out' to get a bite
To eat, I saw a freak I hadn't seen in a while
The one with the crazy eyes an' the pretty smile
She was def, you know what I mean
The hoe was stacked to the max in a skin-tight jean
She sat across the room an' tried to stare at me
Then send a note about how she wants to get with me
Now, I'm wonderin' what has changed
Is it that I'm rockin' the house an' that I'm makin' a name
For myself? 'Cause when I first met her
All she said I did with her was upset her
I think that sneak, she's tryin' to play me down
'Cause I ain't the one that wants to be clowned
So I told the hoe to leave me alone
I said, Girl, you need to take your stuck-up ass home
At this second, her boy walked in
I said, Man, do I have to act crazy again?
Then I grabbed my weapon, it's time to get ill
You can say that it's cool or you can straight get filled
With buck shots, I mean all over the place
In your back, your side, in your stomach, in your face
'Cause I don't really care what your girlfriend says
If you keep talkin' shit, you get a bullet in your head
But anyway what you're beefin' about?

If I wanted your hoe, she'd be already turned out
She's jockin' me, she might go with you
Now, checkin' your girl, is what you need to do Because I take out my weapon an' I quickly start blastin'
I go loco like a crazy assassin
I look at my posse, they say nothing's confusin'
Why, why, why? It's just another execution
Just another execution
