

You're Gonna Need Somebody On Your Bond

Blind Willie Johnson

You gonna need somebody on your bond
You gonna need somebody on your bond
Cause it's way after midnight
When death comes creeping in the room
You'll gonna need somebody on your bond I heard the voice of Jesus saying
Down the way with-----
Answer for my prayers You gonna need somebody on your bond
You gonna need somebody on your bond
Cause it's way after midnight
When death comes creeping in the room
You'll gonna need somebody on your bond
When I were a gambler
Nobody would go my bond
Fell on my knees and begin to pray
Cause Jesus will go your bond You gonna need somebody on your bond
You gonna need somebody on your bond
Cause it's way after midnight
When death comes creeping in the room
You'll gonna need somebody on your bond I came to Jesus
like I'm weary wounded and sad
Found in him a resting place
Now he's made me glad
Now I got somebody on your bond
Now I got somebody on your bond
Cause it's way after midnight
When death comes creeping in the room
Now I got somebody on your bond
