

Good People

Johnny Reid

Good people, good people like you.
I wanna thank good people like you.
Yeah, good people, good people like you.
I wanna thank good people like you. You give help to the helpless
When they got nowhere to go.
You give strength to the weary,
Help to lighten up the load.
Always give more than you take,
Never know what a difference you make. Good people, good people like you.
I wanna thank good people like you.
Yeah, good people, good people like you.
I wanna thank good people like you. You're the rock we all lean on
When we've gotta find the way.
You're the friend we all turn to
And you never turn away.
Always there, open your heart,
Don't you know every miracle starts: Good people, good people like you.
I wanna thank good people like you.
Yeah, good people, good people like you.
I wanna thank good people like you. Good people like you.
Good people like you.
You make the world a far better place,
I think it's time for us all to celebrate: Good people, good people like you.
All wanna thank good people like you.
Yeah, good people, good people like you.
All wanna thank good people like you. Good people, good people like you.
All wanna thank good people like you.
Good people, good people like you.
All wanna thank good people like you.
