

She Would Die for Love

Julee Cruise

She said she wouldn't stay
She said she couldn't say
She told me she would die for love
She said she would go someday
She said she would go away
She told me she would die for love
Don't you think he knows?
Don't you think he cares?
Don't you think he dreams?
Don't you think he cries?
She said she would run away
She said she would fly away
She told me she would die for love
