

Body To Body

Front 242

You're breathing faster when you close your eyes
You seem to enter a room of delight
And I can guess what happens under your skin
Yes, I think I can guess what you're diving in.

Feel the power, feel the power, feel the power flow
Let your body, let your body, let your body come
Feel the fire, feel it, won't you be my liquid son?
Be the fire, feel it, won't you be my liquid son?

Body To Body

Let the power, let the power, let the power flow
Let your body, let your body, let your body come
Feel the fire, feel it, won't you be my liquid son?
Be the fire, feel it, won't you be my liquid son?
Be my liquid son
