

# Machine Heart

Kelsea Ballerini

I pushed and pulled it  
I let you do it too  
Like it was metal  
Like it was bulletproof  
I forgot to cry when I was sad  
I forgot to fight when I was mad  
I made the moves that others would approve  
But it ain't calculated  
It ain't by the rules  
And you can hate it, baby  
But it's gonna do what it's gonna do, yeah I don't have a machine heart  
Can't tell it to stop  
No button to push to start  
You'll see it break  
You'll see it fall apart  
'Cause I don't have, I don't have a machine heart  
No, a machine heart  
I kept it quiet  
But know you'll hear it scream  
'Cause good or bad or right or wrong  
It's finally found its beat  
And it ain't calculated  
It ain't bother rules  
And you can hate it, baby  
But it's gonna do what it's gonna do, yeah I don't have a machine heart  
Can't tell it to stop  
No button to push to start  
You'll see it break  
You'll see it fall apart  
'Cause I don't have, I don't have a machine heart (a machine heart)  
A machine heart (a machine heart)  
A machine heart (a machine heart)  
A machine heart (a machine heart)  
I want always get it right  
But hey it matches life  
At least you're getting something real  
I want always get it right  
But hey, ain't that just life?  
I want it back, wanna feel And 'cause I don't have a machine heart

Can't tell it to stop  
No button to push to start  
You'll see it break  
You'll see it fall apart  
'Cause I don't have, no I don't have a machine heart (a machine heart)  
A machine heart (a machine heart) I pushed and pulled it  
I let you do it too  
I let you do it too  
I pushed and pulled it  
I let you do it too  
I let you do it too But I don't have a machine heart  
No, I don't have a machine heart
