

Ed Makes Me Wish

[Nick Roes](#)

Some girls make you feel like a king sitting on a throne.
Some girls make you wish just the two of you could be alone.
Some girls make your palms get sweaty and your face get red.
But Ed makes me wish I was dead.

Some girls make you feel like a He-Man, big and strong.
Some girls make you feel like you can't do nothing wrong.
Some girls that you know that you'd like to take with you to bed,
But Ed makes me wish I was dead.

Some girls smile and tell you that you're naughty for the things you've said,
But Ed makes me wish I was dead.
