

# Starshine

## The 69 Eyes

Starshine, never gonna find me?  
Starshine, they ain't gonna find me  
Starshine, never gonna find me?  
Starshine, never gonna find me Stand easy with myself, with myself  
Jumpin' up, I'm low, low, low, low  
Show me down, fast now Starshine, when you gonna find me?  
Starshine, they ain't gonna find me  
Starshine, never gonna find me?  
Starshine, never gonna find me
