# One Step Closer

## Saigon Kick

I am bound both feet and hand
Safe and sound to my cross
I will die for I have sinned
Have mercy on my soul
On my soul, on my soulOne step closer to the setting sun
Your skin's on fire again
One step closer to the promised land
Your mind's a liar againOne step closer to the bleeding heart
A bandage for the wound
One step closer to the only one
I am 'cause you never couldLight and heat from my hand
Burns the flesh of mortal men
I am the sign from the west
The divine is laid to rest
Laid to rest, laid to rest
