

Brides of Fire

Fozzy

A burning
She lives to deceive
A yearning
He tried to believe
A bleeding
The avenger of time
A feeding
The death bell will chime
Fire rains down on the world
It torches our dreams yet unfurled
The flames rising high burning bright
They're singing the edge of the night
Brides of fire
Brides of fire
A passing
From here to the void
A thrashing
Till all is destroyed
A longing
For all that is dire
A wronging
Unleashed brides of fire
Fire rains down on the world
It torches our dreams yet unfurled
The flames rising high burning bright
They're singing the edge of the night
Brides of fire
Brides of fire
Just one desire from the darkness
Leading you to despair
One demon crawls up from the abyss
Dragging you down into her lair
Fire rains down on the world
It torches our dreams yet unfurled
The flames rising high burning bright
They're singing the edge of the night
Brides of fire
Brides of fire
Brides of fire
Brides of fire
Brides of fire
Brides of fire

Brides Of fire
