

Say It Now

We the Kings

And tired eyes just lay your head on me,
And I'll be here until you fall asleep.
The storm is getting closer, I won't leave.
All the words I sing are whispers in your dreams. When I said I wanted it all, I wanted it all.
It hurts more than ever, I won't give up now.
And all that you are, is all that I need,
I promised forever. So tell me it hurts, tell it burns,
Tell me it's love and that you're ready to fall
Into my arms or into the ground,
It's lost or it's found,
Whatever you need to say, say it now. Clouds are clearing up, I see the stars,
Like underneath your pain, I see your heart.
Laying hand and hand beneath the sky, forget the world,
It's only you and I. When we said we wanted it all, we wanted it all.
It hurts more than ever, we can't give up now.
And all that we are, is all that we need,
We promised forever. So tell me it hurts, tell it burns,
Tell me it's love and that you're ready to fall
Into my arms or into the ground,
It's lost or it's found,
Whatever you need to say, say it now. Say it, tell me that you love me,
Say you want to leave me,
Tell me that you need me.
Say it like you mean it,
You know that I can take it.
You that it won't break me.
I just wanna know. So tell me it hurts, tell it burns,
Tell me it's love and that you're ready to fall
Into my arms or into the ground,
It's lost or it's found,
Whatever you need to say, say it now.
