

Beware The Heavens

Sinergy

All is calm on the western front
Civilian dreams fill the morning breeze
Listen closely, hear the prophecy
Pretenders preaching, it's time to flee! Hypnotic sermon striking naive minds
A congregation awaits command
The mask unveiled now they realize
Armageddon has seized the land! October twilight setting in
Reborn into a new reality Deceiver of beliefs
Believer of deceptions
Beware the heavens Nothing remains of the western front
Civilian dreams vanished over night
The mask unveiled now they realize
Armageddon has seized the land! October twilight setting in
Reborn into a new reality Deceiver of beliefs
Believer of deceptions
Beware the heavens
