

Gotta Be a Christmas

Shelley Duvall

There is a Santa Claus
There must be a Santa Claus
There's gotta be a Santa Claus
No matter what they say
Cause if there were no Santa Claus
There'd be no holiday because
There wouldn't be a Christmas day

Ding dong... there's gotta be a Christmas
Ding dong... there's gotta be a Christmas

Santa lives up in the North Pole
Where the weather is cold-it's true!
Where there's polar bears around,
Pretty penguins to be found
And he lives in a giant igloo

Santa's got a little factory
Where his elves make toys-it's true!
They work all the year until Christmas time is here
Then deliver them to you know who
To little kids like me and you

Yes there is a Santa Claus
There must be a Santa Claus
There's got to be a Santa Claus
Or there wouldn't be a Christmas
Couldn't be a Christmas
Wouldn't be a Christmas
There's gotta be a Christmas day!

Ding dong... there's gotta be a Christmas
Ding dong... there's gotta be a Christmas

Santa Claus is roly poly
Guess he eats too much baloney
And he's got twelve reindeer and a sleigh
That he uses on Christmas day

Then off they go a-flying

Right up to the sky and
He heads for places with lots of toys
And delivers Christmas joy
To all the little girls and boys

Yes there is a Santa Claus
There must be a Santa Claus
There's got to be a Santa Claus
Or there wouldn't be a Christmas
Couldn't be a Christmas
Wouldn't be a Christmas
There's gotta be a Christmas day!
There wouldn't be a Christmas
Couldn't be a Christmas
Wouldn't be a Christmas
There's gotta be a Christmas
Couldn't be a Christmas
There's gotta be a Christmas day
