Inhibitions

Belizbeha

In this place, I don't wanna sleep tonight
In this place, I just wanna hold you tight
and in this place there is no wrong or right
In this place, I don't wanna sleep tonightCome to me
We can shadow our defenses
We can lose our inhibitions, just see
Come to me
We can shadow our defenses
We can lose our inhibitions, it's freeIn this place, you take it or leave it out
In this place, you just want to hear the truth
In this place, you do what you wanna do
and in this place, we're not gonna sleep tonightCome to me
We can shadow our defenses
We can lose our inhibitions, just see
Come to me
We can shadow our intentions
We can lose our inhibitions, it's freeCome to me
We can shadow our defenses
We can lose our inhibitions, just see
Come to me
We can shadow our intentions
We can lose our inhibitions, it's free
