

# Since I Fell for You

[Willie Nelson](#)

You made me leave my happy home  
You took my love and now you're gone  
Since I fell for you Love brings such misery and pain  
I guess I'll never be the same  
Since I fell for you And it's too bad and it's too sad  
But I'm still in love with you  
You love me and then you snub me  
What can I do I am still in love with you? I guess I'll never see the light  
I get the blues most every night  
Since I fell for you And it's too bad and it's too sad  
But I'm still in love with you  
And you love me and then you snub me  
What can I do I am still in love with you? I guess I'll never see the light  
I get the blues most every night  
Since I fell for you, since I fell for you
