

# Don't Blink

## COZ

I turned on the evening news saw an old man being interviewed  
turnin 102 today  
asked him whats the secret to life  
he looked up from his old pipe  
laughed and said all i can say

{Chorus}

dont blink just like that your six years old and you take a nap  
and you wake up and your 25  
and your high school sweet heart becomes your wife  
dont blink you just might miss your babys grow  
just like mine did turning into moms and dads  
next thing you know your better half  
of 50 years is there in bed and you pray that god takes you instead  
trust me friend 100 years goes faster than you think  
dont blink

i was glued to my tv wouldnt look like he looked at me and said  
best start putting first things first  
cause when your hour glass runs out of sand you cant flip it over and start agains  
to give a breath that god gives you for what its worth

{Chorus}

so ive been trying to slow it down  
ive been trying to take it in  
and its here today gone tomorrow world where living in

{Chorus}

No no dont blink  
life goes faster than you think
