Took It All Away

N-Dubz

Every time me and you are on the case
You never seem to let me get a word in
You tell me things like
Imagine if you walk through the door and you see me with another man
You would throw him through the curtain
Yeah I understand you're hurting
But everywhere I go girls love flirting
I wanna let you know that I'm another person
I called and called but it kept diverting
See you lied and I cried now
How am I supposed to forgive you
Baby you traitor
Tell me how many times did you think I would stayYou took it all away
Why did you have to do this now
I'm feeling so empty
There's nothing left in me to say
Want you here right now
I feel you leaving me
I'm hoping you ring me one dayWoah woah
You took it all away
Woah woah
Every time you was with another girl
You know it's me you would be hurting
And don't pretend you don't know what I mean'Cause through your phone baby I've been searching
So now you know that it's curtains
You don't wanna go with another personLook at me I'm the one that's flirting
Now when you call it just keeps diverting
See you lied and I cried now
How am I supposed to forgive you
Baby you traitor
Tell me how many times did you think that I would stayYou took it all away
Why did you have to do this now
I'm feeling so empty
There's nothing left for me to say
Want you here right now
I feel you leaving me
I'm hoping you ring me one dayWoah woah
You took it all away
Woah woahI know all you ever wanted was a little bit of respect

But I'm a man and you know how we get
Head in my hands switching in the mirror
Cos' I never thought I'd be the one chasing when we met
You never showed me you wanted me for the scrilla
Even though I know you love it when we fuck in the villa
Now your so far away
Nights feel like days
Got me staying awake
So in love I wanna kill her
Is it so hard to understand I hate living without you
No one has ever made me feel this low
Pushing the knife so slowThere you go now you know how I feel when we were together
You took my life and turned it upside down
If only karma didn't come back around
But I guess it's over nowYou took it all away
Why did you have to do this now
I'm feeling so empty
There's nothing for me to say
Want you here right now
I feel you leaving mister
I'm hoping you ring me one dayWoah woah
You took it all away
Woah woah
