

# Make Some Noise

## Rooney

Sad girl  
There's no need to feel sad girl  
Sad girl  
Life isn't so bad  
You know  
You don't know  
You don't know  
That all your silly talkin'  
Won't get you where you wanna be  
So I suggest you take your case straight out of this reality Oh, come on  
You can do better  
Than listenin' to nameless vintage records  
Sad girl, you have got a name, haven't you? Come on, come on, come on  
Let's make some noise  
Let's make some noise tonight (x2) Posh girl  
I bet all skins in that bag, girl  
Yeah, posh girl  
Congrats, the skirt's in the mags, girl Come on  
You can do better  
Than buying overpriced studded leather  
Posh girl, you have got a place, haven't you? Come on, come on, come on  
Let's make some noise  
Let's make some noise tonight (x2) Let's make some noise (x4) Come on, come on, come on  
Let's make some noise (x2) Oh yeah Come on, come on, come on  
Let's make some noise (x2) Come on, come on, come on  
Let's make some noise  
We will make some noise (background vocals) (x3) Come, come on, come on  
Let's make some noise
