

# Again, Again & Again

## Bitch Queens

It feels like I am stuck in time  
Set on repeat and rewind  
It feels like I am going blind  
I need to leave it all behind (leave it all behind)  
My reputation, is bad but mine  
I pack my bags and resign  
I see you further down the line I am leaving and never coming back  
Pack my memories in to a single bag  
This is the same old story  
Again, again and again  
I'm a lost boy I'm a deadbeat  
Ain't got a thing I want to keep (a thing I want to keep)  
My reputation, I can't delete  
I wave the flag in defeat  
Because I'm down and I am beat I am leaving and never coming back  
Pack my memories in to a single bag  
This is the same old story  
Again, again and again  
I am leaving and never coming back  
Pack my memories in to a single bag  
This is the same old story  
(So fucking boring)  
Again, again and again
