

# Dancer

## Jessie Baylin

When your sun goes down, honey call me  
When you lose your doubt, honey call me  
If you're in the mood, honey call me  
Oh I never needed anything but I need you  
You want attitude, honey call me  
When you're all messed up, honey call me  
When the world seems new, honey call me  
Oh I never needed anything but I need you  
Oh I never needed anything but I need you  
If you want me I'll be your dancer  
Call on me and I will answer  
Yes I will answer  
Need a place to start, honey call me  
Got a skinny heart, honey call me  
When it falls apart, honey call me  
Oh I never needed anything but I need you  
If I let you go, honey call me  
Let me take you back, honey call me  
I'm a one mind track, honey call me  
Oh I never needed anything but I need you  
Oh I never needed anything but I need you  
If you want me I'll be your dancer  
Call on me and I will answer  
Yes I will answer  
Oh I never needed anything but I need you  
Oh I never needed anything but I need you  
If you want me I'll be your dancer  
Call on me and I will answer  
Yes I will answer
