Drive

Raunchy

I can't smell this
I can't feel this
I can't eat this even touch this
I can't smoke this so face this
I can't play thisI want you to take it away
Grrr move it I don't want itCould I choose
What I'd choose
This is how I want it to beYou can't smell me
You can't feel me
You can't taste me even see me
You cant hear me so tell me how I fake itI want you to take it away
Grrr move it I don't want itCould I choose
What I'd choose
This is how I want it to beI can't write this
I can't drive this even feel this
I don't need this
