

First Lie

Beau Badrick

And I guess it's coming out wrong
But I think I'm finally scared now
It's like you've opened my eyes
But now you got me and I don't know where to go

I never knew how much I needed you until you left
Now I'm running back to you
And I'm regretting all the things I never did or said
There's a weight I've gotta lift off my chest 'cause

You're the one I wanna hold
But you're the first lie that I've ever told
And now you've got me crazy
And it's out of control

And I guess it's my turn to move
But I think I'm losing my head now
You are the best part of me
And now I'm blind because I just can't seem to see

How much I needed you I never really took the time
now you're gone I'm a hopeless case
I'm gonna get you back, I swear I'm gonna make you mine
Everything's gonna fall into place 'cause

You're the one I wanna hold
But you're the first lie that I've ever told
And now you've got me crazy
And it's out of control

And it's crazy you got me
And I'm running out of options
Oh, it's brainless
That you are
The only one
You're the only one I need

And you're the one I wanna hold
But you're the first lie that I've ever told
Now you've got me crazy

And it's out of control
