Blow

Ghinzu

You are sent to take
Every time I fall
Every piece of meYou are my faith
You are my faith
Every sign you've made
To tell me who I amSometimes you're the crowd
screaming too loud
telling me what I'm notWhen tugging me all the time
I know you're out there
Every sun that breaks
Is a ticket to the showDid you ever know
There's a light inside your bones
The hope that you can't hide
and it teases you every nightAnd you don't understand
glaring at the light
Sitting like a dog
In your ordinary lifeWhy you're so paralyzed
Why don't you spit it out
Coming on your face
Oh yeahFeel you
Feel me
One life
One shot
One love
Now you're a mannequinCandy
Cane gun
Micro
Brain waves
Remote
Controled white manHigh speed
Defcon
Mental
Gang bang
Black out
You're not dragster manWould you tell me who you are right now
Don't tell me you don't know
'cause I know
Every piece of you that breaks
Everytime you lie

Every time you say you're fineI guess
It's time for you to get use to youDon't tell me you don't know
'cause I know
'cause I knowPlease take me somewhere we can hide, somewhere we can dance the boogie
Please bring me something
Please give me something
