Black Dress

Left Boy

What you think about this?
One in the black dress
I think she might be the one thats right for me
At this bar she's just like a superstar
I just want you the way you are
Girl in the black dress
I know you're pre-engaged
But I wanna know your story
Are you gonna let me turn the page
Girl in the black dress
Why dont you say your name
Dont matter what you think
Cause I know you feel the same
Dance with me baby
Let me see what you got
Work that body yeah thats the spot
Work that body yeah thats the spot
The sun's coming up
Fuck being alone
Lets go back together
Turn off your phone
Once the key is in the lock
Everything you please is coming up
Put your trust in me cause I really like what you let me see
Girl in the black dress
Can I help you undress
Let me caress
Say what you want and I'll do the rest
Girl in the black dress
You made a mess of me
And its fucking wonderful
I know you agree
Dance with me baby
Let me see what you got
Work that body yeah thats the spot
Work that body yeah thats the spot
Let me see what you got
Work that body yeah thats the spot
Work that body yeah thats the spot
