

Sex Games (Acoustic)

Diviney

tonight I'm a criminal
and your the perfect crime
your love's only physical
my little paradise and your boy he ain't getting it
I got these butterflies
'cause your lips taste like peppermint
just one more time,
I got you because I [chorus]
I stole a kiss from you
I stole a kiss from you
but I need more
I stole a kiss from you
but I need more of you now
lets play sex games
(ah-h-h) sex games
(ah-h-h) lets play sex games we fell in love on a thunder cloud
you tear me apart from the inside out
our hearts were racing, I took the blame
we hold our breath 'til we're face to face [chorus]
I stole a kiss from you
I stole a kiss from you
but I need more
I stole a kiss from you
but I need more of you now
lets play sex games
(ah-h-h) sex games
(ah-h-h) let's play sex games [bridge]
I got the favour
you've got young blood
I'll die a non-believer
'cause you give me no love
you feel the same
you scream my name
here we go again
lets play sex games [chorus]
I stole a kiss from you
I stole a kiss from you
but I need more
I stole a kiss from you

but I need more of you now
lets play sex games
(ah-h-h) sex games
(ah-h-h) lets play sex games I stole a kiss from you
I stole a kiss from you (ah-h-h)
but I need more (sex games)
I stole a kiss from you
but I need more of you now
lets play sex games
