

Edge Of A Revolution

Nickelback

Head high, protest line
"Freedom" scribbled on your sign
Headline, New York Times
Standing on the edge of a revolution Hey, hey, just obey
Your secret's safe with the NSA
In God we trust or the CIA?
Standing on the edge of a revolution Yeah, we're standing on the edge of a revolution
Revolution, revolution, revolution No, we won't give up, we won't go away
'Cause we're not about to live in this mass delusion
No, we don't wanna hear another word you say
'Cause we know they're all depending on mass confusion
No, we can't turn back, we can't turn away
'Cause it's time we all relied on the last solution
No, we won't lay down and accept this fate
'Cause we're standing on the edge of a revolution Wall Street, common thief
When they get caught they all go free
A brand new yacht and a finders fee
Standing on the edge of a revolution Same shit, different day
Can't keep fed if I can't get paid
We'll all be dead if the shit don't change
Standing on the edge of a revolution Yeah, we're standing on the edge of a revolution
Revolution, revolution, revolution No, we won't give up, we won't go away
'Cause we're not about to live in this mass delusion
No, we don't wanna hear another word you say
'Cause we know they're all depending on mass confusion
No, we can't turn back, we can't turn away
'Cause it's time we all relied on the last solution
No, we won't lay down and accept this fate
'Cause we're standing on the edge of a revolution We'll all be dead if this shit don't change
Hey hey hey hey hey hey hey What do we want? We want the change
And how're we gonna get there? Revolution
What do we want? We want the change
Standing on the edge of a revolution What do we want? We want change
And how're we gonna get there? Revolution
What do we want? We want the change
Standing on the edge of a revolution No, we won't give up, we won't go away
'Cause we're not about to live in this mass delusion
No, we don't wanna hear another word you say
'Cause we know they're all depending on mass confusion

No, we can't turn back, we can't turn away
'Cause it's time we all relied on the last solution
No, we won't lay down and accept this fate
'Cause we're standing on the edge of a revolution What do we want? We want change
And how're we gonna get there? Revolution
What do we want? We want the change
Standing on the edge of a revolution What do we want? We want change
And how're we gonna get there? Revolution
What do we want? We want the change
Standing on the edge of a revolution
