

# Leopard Print Jet Ski

## Meat Wave

On my leopard print jet ski  
Finally free  
On my leopard print jet ski  
I get away  
Rid of the land  
Sun on my hand  
Fairweather plan  
I'm off  
And I'm looking the other way  
On life and leisure and what's true  
And to stare it in the face  
Makes me feel terror  
And that's not good  
If i find an island in the sun  
Will I share with the one I love  
On my leopard print jet ski
