

Top of the World

Diana Ross

Ooh, baby, I'm going crazy
Every time I think of you
I'm excited, so delighted
To finally see the light shine through
I can see a million dreams come true So hold on, here we go
I've got a feeling that it's gonna grow
Up to the top of the world Here I am, there you are
I've got a feeling that we're going far
Up to the top of the world Ooh, gotta go higher, higher Now the world seems like a sweet dream
When I look into your eyes
It's mystifying, there's no denying
The way you make me feel inside
And it's getting stronger all the time So hold on, here we go
I've got a feeling that we're gonna grow
Up to the top of the world Here I am, there you are
I've got a feeling that we're going far
Up to the top of the world Ooh, let me go higher, higher So hold on, here we go
I've got a feeling that it's gonna grow
Up to the top of the world Here I am, there you are
I've got a feeling that we're going far
Up to the top of the world So hold on, here we go
I've got a feeling that it's gonna grow
Up to the top of the world Here I am, there you are
I've got a feeling that we're going far
Up to the top of the world
