

# Words Get In The Way

## Miami Sound Machine

I realize you're seein' someone new  
I don't believe she knows you like I do  
Your temperamental moody side  
The one you always try to hide from me But I know when you have something on your mind  
You've been tryin' to tell me for the longest time  
And before you break my heart in two  
There's something I've been trying to say to you But the words get in the way, there's so much I want to say  
But it's locked deep inside and if you look in my eyes  
We might fall in love again  
Won't even start to cry and before we say goodbye  
I tried to say I love you, but the words got in the way Your heart has always been an open door  
But baby, I don't even know you anymore  
And despite the fact it's hurting me  
I know the time has come to set you free But the words get in the way, there's so much I want to say  
But it's locked deep inside and if you look in my eyes  
We might fall in love again  
Won't even start to cry and before we say goodbye  
I tried to say I love you, but the words got in the way  
I'm tryin' to say I love you, but the words get in the way
