

Yearnin' (live)

The Black Keys

Said I want you here with me, darlin' I need you
Can you see I got the yearnin'
We've all day, I want your love, your special way
I love, I love your smile, oh darlin' don't you drive me wild I heard you call my name and I was callin' just the
same
And I want you by my side and I'm yearnin'
I can't deny, you got a hold, a hold on me
Oh darlin' don't you let me leave And I want you here with me, darling I need you
Can't you see I got the yearnin'
We've all day, I want your love, your special way
I love, I love your smile, oh darlin' don't you drive me wild Oh baby what I would do for one minute alone with
you
You got me trembling way down inside
And your love I just can't hide
Darlin' I need you, woo hoo, darlin' I need you
