Bring Me Back My Heart

Wilburn Brothers

[Wilburn Bros]
Oh bring me back my heart so I can love again
Bring me back my heart so I can laugh
And then I'll ne just like I was before you let my lovin' close the door
Bring me back my heart so I can love againI don't know what you were doin' when you left me in the ruin
And you took my heart away
All I know is I'm a dyin' although I keep on tryin' to live from day to day
The fact of a matter is I'm gettin' blue and sadder and I can't go on this way
Bring me back my heart so I can love again
[guitar - piano]
Oh bring me back my heart...Don't you care that I'm a hurtin' don't you know you did be dirtin'
Let the good good love go bad
Every day is just another lonely day I'll have to suffer for I know I'll still be sad
You left me and you've hasten every since I've been wastin'
For we lost the love we had
Bring me back my heart so I can love again bring me back my heart so I can love again
