

Tito Santana

Wale

Uh, dub-A-L-E
Appreciate it Joe, yeah
Highly unstoppable, nothin's un-coppable
Tito Santana matador ain't equipped to stop the bull
Proud of product, pulled over nigga not be scorned
 Around here I am the goat like the Capricorn
 New grove, still bitches don't know this a flaw
 'Cause my hoes in the X like they model for cars
 Here to change the whole game due to audible
 Initial place wasn't cruel so we oughta bull
I'm borrowing boots in my little mack competition
You gon' need a couple stars to get your first victor
 Word picture, hurt niggas, young verse killer
 Fist pleaser, skirt lifter, young Dirk Diggler
 Wahlberg shooter, young flow fluid
 And my brains travel like Yung Berg jewels
 Transformer, no opponent is formidable
 Pockets morbidly obese, I'll be tourin' for loot
 I'm Wale, the new nigga on the block
See my team has hella cars, I got a couple of knots, see?
 How the beat gets ate off
 Acquire my scratch and I ain't have to use an 8-ball
 Hip hop's whole face is off
 And I rock with the band, this a cakewalk
Yeah, and I don't want, I don't wanna be condescendin' or nothin'
 But like cake-walk, like, I meant like cake
 From the second season of Da Band
 Like cakewalk, like it's, fuck it
 (Talk to 'em)
 Yo, I'll be whatever you wan' call me
 Weird or faulty but lyricists can't ignore me
 (Nah)
 Keep a shooter wherever the force be
 (Why?)
In case they gotta make a band member strip naked like Dori
 So, they can't nay say
But the AK's across from the Tommy like Shanen
