Ain't No Use (2007 Remastered Version)

Sarah Vaughan

There ain't no use
In hanging 'round
No, there ain't no use
I'm gonna put you down
There's no room left in my heart
For youFor you to cry
This is goodbye
You done me wrong
So many times
Now I'm through
The best years of my life
You just wasted away
You caused so many tears
Now the time has come when you must payAin't no more for you say
Ain't no more for you to say
Just take your love and go away
And it's time
We can leave
Don't return
Baby, it ain't no use
If you leave, don't return
'Cause it just ain't no use
