

# Cuddle Buggin' Baby

Eddy Arnold

When the weather's kinda chilly and we start to kiss and hug  
Everybody thinks she's silly cause she wants to cuddle bug  
That cuddle buggin' baby of mine keeps cuddle buggin' all the time  
Honey sweet double treat that cuddle buggin' baby of mine  
When we go to see a movie and the lights are way down low  
I can tell she'd rather cuddle bug than stay and see the show  
That cuddle buggin' baby of mine keeps cuddle buggin' all the time  
I repeat ain't she sweet that cuddle buggin' baby of mine  
When the band begins to playin' and start to cuddle rug  
I can almost share her sayin' let's go home and cuddle bug  
That cuddle buggin' baby of mine keeps cuddle buggin' all the time  
Turtle dove full of love that cuddle buggin' baby of mine  
[ piano ]  
Oh I love my little darling and I guess I always will  
When it comes to cuddle buggin' I just never get my fill  
I love that cuddle buggin' baby of mine keeps cuddle buggin' all the time  
Makes this boy jump with joy that cuddle buggin' of mine
