Out Of Tune

Sunrise Avenue

You're always fighting everyone
You were wrong when you were young
You love to think you're on the run, oh!
Had to laugh at all your jokes
Had to tremble 'cause you smoked
Bet you'd never ever get my fun, yeah
You're the one to run from self they say (self they say)
I remember you back in the day (in the day)
Did my best to keep out of the way
Kicked it up in school, singing out of tune
While you're fighting everyone
I've been hanging in the sun
There's a million things I've done, oh!
You're the one who took the lead
Me least likely to succeed
Different now, yeah you agree
Alright!

You're the one to run from self they say (self they say)
I remember you back in the day (in the day)
Did my best to keep out of the way
Kicked it up in school, singing out of tune
Thought you were the rule, singing out of tune
Everybody, keep out of his way (x4)
Oh!

Singing out of tune (repeat a few times)
You're the one to run from self they say (self they say)
I remember you back in the day (in the day)
Did my best to keep out of the way
Kicked it up in school, singing out of tune
Everybody knew, singing out of tune
Singing out of tune
Woo
Always fighting everyone
