We Tried

Trisha Yearwood

I and my daddy went out to drink, my momma will not cry I'm honest when I tell the truth and I'm lying when I lie And there's a lot of things that I don't do 'Cause I don't follow it through like I want to but I don't want to The devil's beggin' for my time, the good Lord for my soul I'm always easier to catch then I ever been the whore I'm a twisted rose of [Incomprehensible], last thing that I need Is to want you 'cause I don't want toBut that ain't what this love's about My heart ain't on my side And if someday it don't work out Then we can say we triedI'm not afraid of anything but now I'm running scared I know the hurt this could bring is more than I could bear I'm tired of wearing lonely shoes, I've nothing left to lose That I don't want to but I don't want to'Cause that ain't what this love's about My heart ain't on my side And if someday it don't work out Then we can say we triedThat ain't what this love's about My heart ain't on my side And if someday it don't work out Then we can say we tried Yeah, we can say we tried
