

# Into the Darkness

## Crosby, Stills & Nash

    Into the darkness soon you'll be sinking  
    What are you doing? What can you be thinking?  
    All of your friends have been trying to warn you  
That some of your demons are dying to drag youAway into the darkness, into the darkness  
    Into the darkness awayAll of your life you've been making your payments  
    Alone on the phone with your business arrangements  
    No wonder no one could ever get near you  
You're screaming too loud no one can hear youI see you coming to the end of the day  
    And was it worth it? No one can say  
    I see your face it is ghostly pale  
Into the sunset we are watching you sailTemperature's rising over the rainbow  
    Where are you hiding? Afraid of your shadow  
    We have been trying, trying to find you  
There's no use denying our love is behind youStay out of the darkness  
    Out of the darkness stay, hey
