

Knights of the Round

A Skylit Drive

Breathe
Just breathe
What are you waiting for Incisions forced, blood runs
We're forced to believe it
Don't you see it
Your being overthrown by... WE ARE THE KNIGHTS
Your nightmare arrives
I don't think you know
I don't think you know
What has come for you, Follow the lights
Their burning so bright
I don't think you know
I don't think you know
What has come for you Breathe
Just breathe Won't you walk through the door Focus on all your instincts,
It brings you deeper to the
Meaning of what we've become Show your heart of stone We are the knights
Your nightmare arrives
I don't think you know
I don't think you know
What has come for you Follow the lights
Their burning so bright
I don't think you know
I don't think you know
What has come for you We subside
Lost in your eyes
You burn so bright We subside
Lost in your eyes
You burn so bright
