Big Dupree

Bobby Bare

Hoddy Holly was a cajun in the town that I was raised in
She was something most amazin' to my inexperienced eyes
But the fact was clearly stated she and Big Dupree was mated
And a dreadful fate awaited anyone who touched his bride
Cause he said it loud and clear for all the town to hear
And he nailed it up for all the town to see
That the man who puts his hand upon the hand of Hoddy Holly
Will feel the heavy hand of Big DupreeBut that dangerous situation worked on my imagination
And passin' up temptation ain't the thing that I do best
And you know the way things happened one night Dupree was out trappin'
And I spent the evening nappin' with her head upon my chest
Then the roar come from a door six foot four maybe more
He stood standin' there and starin' right at me
He said boy you put your hand upon the hand of Hoddy Holly
Now you'll feel the heavy hand of Big Dupree
Then crazed by ragin' passion he come dashin' smashin' crashin'
And I felt his blade come slashin' through my shrieks and screams and groans
And there just ain't nothin' worse than what he done to my person
And I spend these evenings a cursin' him in slightly higher tones
Cause he said it loud and clear...
I felt the heavy hand of Big Dupree ooh
