

Always Faithful

Tyrone Wells

Wherever the wind blows
wherever the sun may go
You have been faithful to me
whenever the rain falls
whenever the night calls
You have been faithful to me

always always
always faithful
always always
Youve been faithful to me
faithful to me
faithful to me

when i turned my back to run
these arrogant things ive done
still Youve been faithful to me
so Father im letting go
cause even a faithless heart knows
thats You have been faithful to me
Lord always always
always faithful
always always
Youve been faithful to me
faithful to me

when everything is changing all around
You alone are stead fast
(Lord always always always faithful
always always Youve been faithful)2x
always always Youve been faithful to me
been faithful to me
faithful to me
faithful to me

Your faithful to me
