Coffee

Havelin

Woke up this morning couldn't find my face guess you finally got your way .
You said that you didn't want to see me u wished that I didn't breathe don't want to hear what I've got to say you just went up and leave

Chorus
Won't you come sit with me we don't have to fight stay for a cup of coffee now and it will be alright it will be alright

Verse 2
you rolled your eyes at me and you sighed and shrugged said one cup of coffee never hurt anyone.
So we set the date and time and I bring the cold waited to whole hours before I realised that you wouldn't show before I realised that you wouldn't show

Chorus
Won't you come sit with me oh we don't have to fight stay for a cup of coffee and it will be alright

Verse 3
I can't just fix things it doesn't work that way stay for a cup of coffee we can talk it out what do you say we can talk it out what do you say

Won't you come sit with me we don't have to fight stay for a cup of coffee now And it will be alright I can't just fix things it doesn't work that way stay for a cup of coffee we can talk it out what do you say we can talk it out what do you say we can talk it it out what do you say we can talk it out what do you say
