

Horrors In a Retarded Mind

Gorefest

Smashed your head against the wall
Treatment comforts temporarily
Chastise yourself extremely
To neutralize the chronic pains
Auto mutilation dwells deep in your soul
Inflicting pain, your body suffers while carving yourself
People can't understand
That you are forced to do it
A slave of your sickened thoughts
For neurosis or lust
Carving layers of skin off your chest
An orgasm comes as reward
Your sick lust of pain
Will drive you to your suicide
Auto mutilation dwells deep in your soul
Inflicting pain, your body suffers while carving yourself
People can't understand
That you are forced to do it
A slave of your sickened thoughts
For neurosis or lust
