

Let My Nutz Go (feat. Too \$hort)

Lil Jon

You couldn't be a better playa than me
Even if you fucked every day of the week
I know you think you got it like
I be fuckin' hoes every day of the week You never could be a better playa than me
Even if you rolled in luxury
I know you sport coatin' that top notch freak
You never could be a better playa than me When I first got to the club, it was cool to fuck
Walked passed these hoes and they looked me up
And back down again recognize a pimp
Next thing I know, I'm tellin' lies again Sellin' dreams to hoes from everything I know
Grab the microphone then I spit these flows
I came in this muthafucka with my niggaz
I plan on leavin' here with yo bitches Anybody feel they got a problem with that
You need to take off yo pimp hat nigga
And get the fuck out my way
'Cause I don't fuck with scrubs on any day I can't buy her no drink, she can't ride with me
I don't know her and she can't stand beside me
But yo bitch, I might fuck her
Just because I know you's a sucker Let my nuts go, bitch
Let my nuts go
Let my nuts go, bitch
Do you like the way they swang? Let my nuts go, bitch
Let my nuts go
Let my nuts go, bitch you keep rappin' in my ear
And got me mad as hell Let me hit that weed, what you drinkin'?
Six months ago, hoe yo ass wasn't speakin'
Now I see yo face in every bad way stop
Tryin' yo plots since the CD dropped I went nuts 'cause I'm like that with Too Sheezy
Got no time for you triflin' ass broke breezies
Jon doin' thangs, now that's so true
And you bad news bitch, I ain't fuckin' with you Punk bitch think she real smart, runnin' that G
But talk is cheap hoe, spend some cash money with me
Look up when I pull up and come runnin' to see
If Short Dog is in the car, Murder One is with me You heard Nationwide was ballin', we make hundreds and G's
Takin' trips to the islands, smilin' under the trees
When I step up, all these heffers start comin' for me
Let my nuts go chickenhead you gets nothin' for free Let my nuts go, bitch
Let my nuts go
Let my nuts go, bitch

Do you like the way they swang?Let my nuts go, bitch
Let my nuts go
Let my muthafuckin' nuts go
Bitch, you keep rappin' in my ear and got me mad as hellNow we gettin' hell of looks soon as we pimped
through the door
And we seen hell of freaks we ain't fucked before
They got some bitches on the prawl of gold diggin' missions
And my folks is livin' foul, they whoopin' ass with precisionFallin' back at the club, smoked up
Gettin' scoped by a hoe with a nigga, I know she tryin' to fuck
But her hommie wanna play G.I. Joe
Hommie you better check yo hoe before yo big ass hit the flo'
