## Badfinger

Sometimes I'm only waiting for your smile  
Sometimes I'll only wait a while  
Sometimes a cloud burst makes me wanna cry  
Tell me why? Sometimes I'm only winning for my time  
Sometimes the days are always fine  
Sometimes a feeling makes me wonder why  
Tell me why? There's always tomorrow, the end of your sorrow and pain  
(Bootlace, sour face)  
Say it again  
(Bootlace, sour face)  
There's always a reason you always believed in my soul There's always tomorrow, the end of your sorrow and  
pain  
(Bootlace, sour face)  
Say it again  
(Bootlace, sour face)  
And there's always a reason you always believed in my soul Sometimes I'm only waiting for your smile  
Now you'll make my days a while  
Sometimes a cloud burst makes me wanna cry  
I gotta find out why, tell me why?  
And find out why, tell me why?
