

Hang In There

Gerald Levert

Babe, why
Why must we go through this
Every other day, every other week?
Talk to me, talk to me Just because I don't hangout with you and your friends
Just because the morning time's when I come in
Just because I work so hard on the weekend
Don't mean I love you any less, girl Just because I don't buy flowers and candy
Like I used to do, girl, when you first met me
Believe I'm trying to do
All the best I can for you, oh baby, baby
But you gotta hang Hang in there with me
I'll be there for company
It's you and me against the world
And I got you, girl Hang in there with me
I'll be there for company
It's you and me against the world
And I got you, girl, I got you, girl We would be making good love if it wasn't for your meddling friends
You asking questions what I'm doing, where I been
Just because you can't reach me when you want on my cellphone
Don't I get you back, tell me what is wrong I come in the house, you look so upset
Know why you're hungry, did you eat yet?
Apologizes, but what's the apology
Girl, if I was wrong, telling I'm sorry, baby Hang in there with me
I'll be there for company
It's you and me against the world
And I got you, girl You gotta hang in there with me
I'll be there for company
It's you and me against the world
And I got you, girl, I got you, girl I just want to be a man, one you love and trust
Can't let trivial things come between us
You're my [Incomprehensible] and I want you to know
I got your back Baby, don't get so emotional
Stop that you hear from those other folks
They just want it like we got
And I'm on this standing like a rock Hang in there with me
I'll be there for company
It's you and me against the world
And I got you, girl You gotta hang in there with me
I'll be there for company

It's you and me against the world
And I got you, girl, I got you, girl Hang in there with me
Gang in there with me baby, baby
Hang in there with me
Gang in there with me baby, baby Hang in there with me
Gang in there with me baby, baby
Hang in there with me
Hang in there with me Hang in there with me
Gang in there with me baby, baby
Hang in there with me
Gang in there with me baby, baby Hang in there with me
Gang in there with me baby, baby
Hang in there with me
Hang in there with me Trying baby
I know I ain't perfect but I'm trying baby
I'm trying babe, don't wanna see you cry
Don't wanna see you cry, no
